What are the benefits?

The Translation and Localization Conference has for almost a decade been one of the biggest industry events in Central Europe! This year due to Covid-19 we have to go online together with Konferencja tłumaczy (the Polish event), which will take place at the same time, at the same virtual venue.

You will be able to e-meet with attendees from all over the world, including LSPs, freelance translators, interpreters, QA experts, techwriters, academics and linguists.

As a partner, you get...

- one free ticket to the whole conference
- a free virtual exhibition booth
- your logo placed on virtual conference materials, the conference's website and in social media posts
- other perks to be arranged

In exchange, we ask you to...

- promote the conference in your channels and among your members
- support us with other forms of promotion (to be arranged)
